

A group of diverse children, including a young girl in the center, are gathered around a table looking at a world map. The girl in the center has dark hair and is smiling slightly. Other children of various ethnicities are visible around her, all appearing engaged and curious. The background is softly blurred, focusing attention on the children and the map.

BUILDING BELONGING

With Wayfinder's K-12 activities

Building Belonging

with Wayfinder

Strengthen your school community, encourage productive habits, and build belonging across campus with quick and fun K12 activities from Wayfinder.

Get students excited to be in class with fun GAME 😊 activities that encourage sharing and collaboration through movement and play.	Play a game that builds energy and self-awareness by rewarding players for quickness and accuracy. <input type="checkbox"/>
	Play a game that supports students' collaborative skills while helping them get to know each other better as they work toward a common goal. <input type="checkbox"/>
	Play a game that encourages social awareness and adaptability by requiring students to listen closely and act accordingly. <input type="checkbox"/>
Promote healthy habits with EXECUTIVE FUNCTIONING activities that remind students of their strengths, help them set and track personal goals, and monitor their well-being.	Help students improve productivity by identifying and prioritizing their tasks. <input type="checkbox"/>
	Guide students to improve self-awareness and act with agency as they identify their strengths and set personal goals aligned to their values. <input type="checkbox"/>
	Support holistic well-being with an activity that helps students notice and name their feelings and practice mindful and stress-relieving strategies. <input type="checkbox"/>
Foster deeper connections with BELONGING activities that help students connect over shared interests and appreciate each other's unique perspectives and ideas.	Help students name the actions and behaviors that promote classroom safety and encourage kindness and understanding. <input type="checkbox"/>
	Engage students in deeper getting-to-know-you activities that help them learn about their classmates's perspectives, backgrounds, and interests. <input type="checkbox"/>
	Encourage empathy-building and positive communication skills by helping students state their needs, ask for clarification, and stand up for others when needed. <input type="checkbox"/>

To build belonging all year round, check out the 😊 **GAME**, **EXECUTIVE FUNCTIONING**, and **BELONGING** activities below featured in Collections and the Wayfinder Activity Library.
