Assess + Monitor Student Growth With Our Powerful Assessment Suite

Every Wayfinder user can access our assessment suite to better understand how students are progressing in their future-ready skills.

Summative Assessments

Understand students' areas of strength and growth across six Core Skills with summative assessments. Administer assessments at the beginning, middle (optional), and end of the school year to determine a student's baseline and analyze skill growth over time.

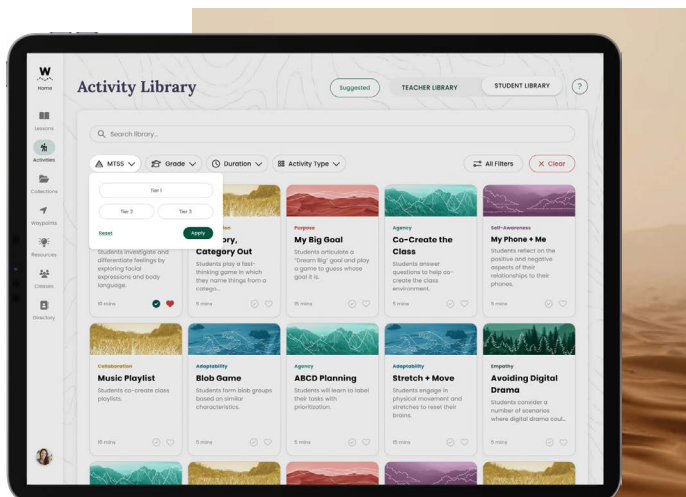

Formative Assessments

Track student progress on six Core Skills with ready-made or custom formative assessments. Administer these assessments at regular intervals that align with your data collection or intervention process between summative assessments.

Data-Driven Instruction

Analyze data from summative + formative assessments to inform instruction. Browse for relevant activities or view Wayfinder-recommended activities that promote skill-building across Tiers 1, 2, and 3.
