

What's New 2024-2025

Talk with your Partner Success Manager for a full walkthrough of updates

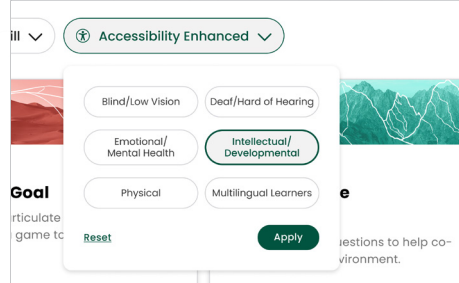

Available Now!

MTSS Collections

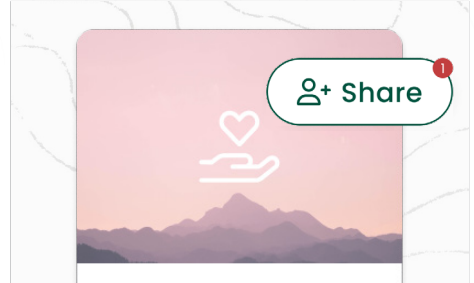

MTSS Supports + Resources

- New activities + Collections specifically designed for Tier 2 (small group) and Tier 3 (1-on-1) interventions
- Dashboard unique to counselors and support staff to easily review data, plan + deliver interventions, and record notes
- Supplemental MTSS implementation support documents, such as student nomination forms + family letters

Accessibility Updates

- Content-specific Learning Supports that educators can turn on or off to scaffold student learning
- Tips on how to make each type of activity more accessible for students
- Filters in the Activity Library to quickly identify activities compatible with students' needs
- accessibility widget to turn on accessibility features that create a more equitable user experience in the Wayfinder platform

Ability to Co-Create Collections

- Educators can co-create Collections that are relevant + meaningful to their students
- Request or share access to custom Collections with school colleagues
- Set permissions for Collection contributors to "Editor" or "Viewer"

12.4: Leadership + Entrepreneurship

Exploring an entrepreneurial spirit through the lens of productivity helps us to better comprehend how we can use future-ready skills. In this module, we'll explore how to use flexibility, critical thinking skills, resilience, and persistence to meet purposeful goals we set for ourselves now and much further into the future.

Wayfinder Why + Research

Why is it important for teens to determine the skills that they will need to thrive in the future? When teens consider what skills they have already developed

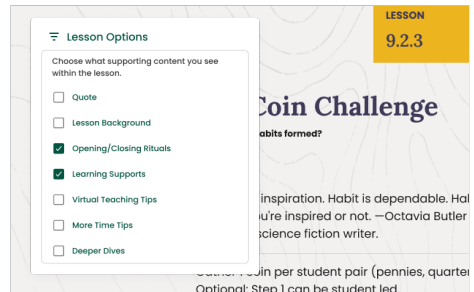

Family Letters

- Ready-to-send letters for families that highlight what students are learning with Wayfinder
- Activities families can do together at home are included in every letter
- Available for download in the app in each module of every grade (K-12) in English + Spanish

Wayfinder Favorites Collections

- 30 of our favorite zero-prep activities with 10 extension activities per grade level
- Great for educators who are new to Collections or who need to deliver supplementary SEL instruction quickly + efficiently

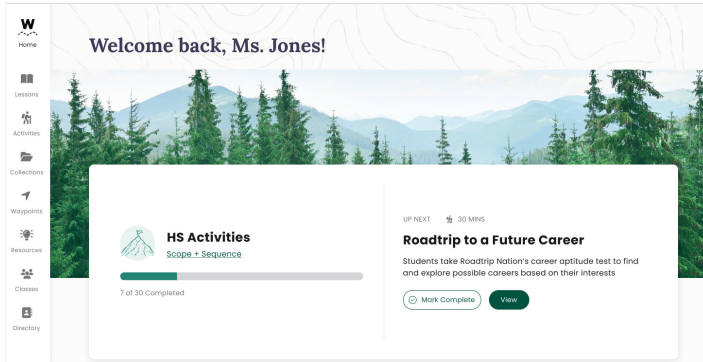

Lesson + Activity Options Dropdown Menu

- Educators choose which sections of the lesson or activity guide they see
- Selected options are applied to all other lesson + activity guides but can be changed at any time

Available Fall 2024

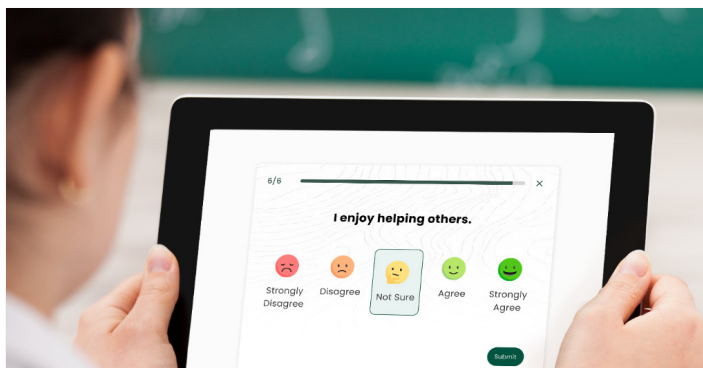

Featured Content

- Administrators can assign what content educators see at the top of their dashboard + view data on completion rates
- Content can be customized per grade level
- Completion data can be broken down by grade or teacher

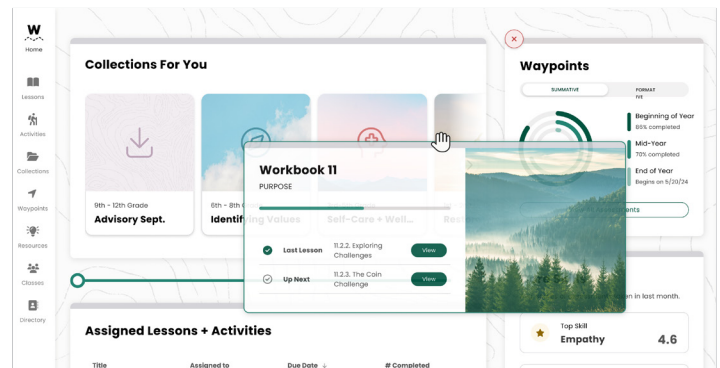

K-2 Instructional Toolkit + Enhancements

- How-To Activity Cards to help educators set classroom routines + Calming Activity Cards with mindfulness activities for students
- Super Sea Star plushie to accompany Kindergarten instruction
- Printed Core Skills poster for reinforcing Wayfinder skills
- Updated Kindergarten lesson slide decks

Summative Waypoints for Grades 3-5

- Summative assessments specifically designed for grades 3-5 to track Core Skill progress across the school year
- Wayfinder recommends administering summative assessments at the beginning, middle (optional), and end of the school year

Customizable Data Dashboards

- Create custom dashboards to see data + information most relevant to you
- Choose widgets from a menu and easily drag and drop them onto your dashboard
- Dashboards can be modified at any time
