

Wayfinder for Counselors

Build MTSS Capacity for Whole-Student Support

Wayfinder for Counselors is ideal for Tier 1 and Tier 2 interventions. Our research-backed tools monitor growth and provide real-time content suggestions so you can focus on instruction to help all students thrive.

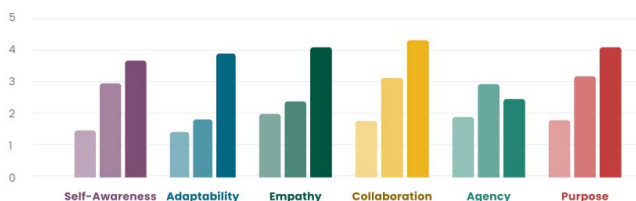

Assessment Suite + Responsive Content

Assessment + Progress Monitoring

Utilize Wayfinder's suite of assessments to create your own small groups and track individual students' durable skill-building and overall well-being. Measure effectiveness across your school, district, or other demographics.

Summative

Pre+Post-program assessments enable students to see their strengths and growth areas, while counselors + support staff can create intervention groups and recommended content based on student needs.

Formative

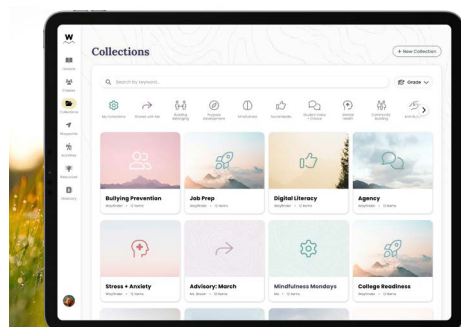

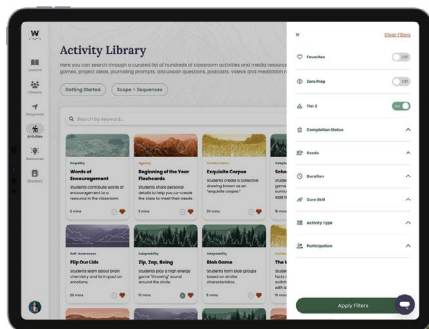

Track progress monitoring in our six Core Skill areas by choosing pre-made assessments, or create your own. Receive personalized, data-driven content for small groups and individual students for remediation or further skill building.

Responsive Solutions

Tier 2 Activities

Our Activity Library contains thousands of PreK-12 universal Tier 1 supports and more intensive Tier 2 interventions—all created by a team of counselors, educators, administrators, and mental health professionals. Dig into our Wayfinder MTSS implementation guide as your roadmap for using our Tier 2 content options to further skill-building and whole-student support.

Collections

Your one-stop shop of lessons and activities for any specific need that may be impacting your students or school community, including anti-bullying, mental health, grief, trauma-informed and restorative practices, and executive functioning to name a few. Make your own Collections and create your own scope + sequence documents to help manage your caseload.

Tested + Approved

We create our interventions based on human-centered design, rigorously researching and testing our content with students, counselors, and support staff. Feel confident knowing Wayfinder's content is engaging and relevant for students of all ages, abilities, and needs. Receive ongoing training and support to strengthen your school or district's MTSS + RTI + PBIS implementation.

Three reasons to invest in Wayfinder for Counselors:

1

MTSS improves [academics,](#) [attendance,](#) and [behavior](#)

2

Every \$1.00 invested in PBIS results in a [fiscal savings of \\$104.90](#)

3

Students who participate in programs like Wayfinder [fare better than their peers—up to 18 years later](#)—in their social, emotional, and mental health
