

WAYFINDER

Turn Purpose into Progress with Wayfinder

Frameworks for student success, like **Portraits of a Graduate** or **Visions of a Learner**, are key to creating a shared purpose in your school or district. Wayfinder partners with schools looking to bring their vision to life by providing engaging content and skill tracking, all from the same easy-to-use app.

See Your Vision in Action

Our premium add-on gives you real-time insights into how your students are developing each of your framework's skills and content to engage in meaningful skill-building.

Align Core Skills

Analyze your framework's skills and align them to Wayfinder's Core Skills in the app.

Monitor Your Vision's Progress

Track how your students are progressing in each skill from the district, school, class, or student level. Students can view a portfolio of their personal skills.

Engage + Grow

Explore 2000+ activities, lessons, and resources connected to your skills and goals. Students can also upload evidence of skill-building they engage in outside of Wayfinder lessons.

Respond in Real-Time

Continue growing skills with Wayfinder's activity recommendations. Our powerful algorithm analyzes data and recommends activities for targeted instruction.

New Feature
Coming Soon!

This new feature is available to implement in SY25-26. Learn more and schedule a demo at: wfndr.co/pog-tools
